Lioni Latticini offers Fresh Mozzarella Medallions in Water

BROOKLYN, N.Y. — Lioni Latticini Inc., a producer of Italian cheeses, has released its new line of Fresh Mozzarella Medallions in Water.

The new product features a creamy taste and smooth texture, according to company representatives.

The medallions, which consist of 1-ounce, pre-sliced pieces packaged in water, are sold in two three-pound tubs.

According to the company, the cheese is ideal for sandwiches, salads, paninis and hors d'oeuvres.
